TITLE 2: NATURAL RESOURCES DIVISION 1: MARITIME AND COASTAL RESOURCES

§ 1641. Management and Monitoring.

The Division of Fish and Wildlife will be responsible for clearly marking with signs written in three languages (Chamorro, Carolinian, and English) and permanently placing these signs at the northern and southern boundaries of the sanctuary and at intervals in between. The signage shall state the purpose of the marine sanctuary, the boundaries, and the benefits derived from the sanctuary, prohibited activities within this marine sanctuary and the penalty for engaging in prohibited activities within this marine sanctuary. The Division of Fish and Wildlife shall monitor these marine sanctuaries on a periodic basis at different times, reporting their findings and maintaining a written record of those findings, which shall be available to the public upon reasonable request.
