

TITLE 3: HUMAN RESOURCES
DIVISION 2: HEALTH

§ 2702. General Provisions Governing Advertising.

(a) No person shall advertise any food, drug, cosmetic, or device to the general public as a treatment, preventative or cure for any of the diseases, disorders or abnormal physical states that are, listed in Schedule A.

(b) Any food, drug, cosmetic, or device advertised to the general public as a treatment, preventative or cure for any disease, disorder or abnormal physical state shall be made in the English, or Carolinian or Chamorro languages. An advertisement made in any other language shall be accompanied by an accurate and full English translation.
