PUBLIC NOTICE

Proposed Amendments to the Personnel Rules and Regulations of the Commonwealth Ports Authority

The Executive Director of the Commonwealth Ports Authority (“CPA”) hereby notifies the public that the Commonwealth Ports Authority intends to promulgate amendments to its Personnel Rules and Regulations.

INTENDED ACTION TO ADOPT THESE PROPOSED AMENDMENTS TO THE PERSONNEL RULES AND REGULATIONS OF THE COMMONWEALTH PORTS AUTHORITY: Notice is hereby given pursuant to 1 CMC § 9104(a) of the Administrative Procedure Act that the Commonwealth Ports Authority intends to promulgate the following amendments to its Personnel Rules and Regulations.

TERMS, SUBSTANCE, AND DESCRIPTION OF THE SUBJECTS AND ISSUES INVOLVED: These proposed regulations amend CPA’s Personnel Rules and Regulations by limiting the scope of random drug testing to only safety-sensitive employees, identifying safety-sensitive employees as employees that have duties that are fraught with risks of injury to others that even a momentary lapse of attention can have disastrous consequences, and identifying the positions and types of job duties that CPA considers safety-sensitive. The proposed regulations also limit the selection rate of random testing to not more than 25% for breath alcohol testing and removes the regulation that requires at least 25% of non-safety sensitive positions be tested on a yearly basis.

AUTHORITY: The substance of the following proposed amendments was approved by the CPA Board of Directors at the September 29, 2023, CPA Board of Directors Meeting. These proposed amendments are for publication in the Commonwealth Register for Notice and Comment pursuant to the Administrative Procedure Act and for approval by the Attorney General pursuant to 1 CMC § 2153(e). The Commonwealth Ports Authority has the authority to promulgate these regulations pursuant to 2 CMC § 2122.

DIRECTIONS FOR FILING AND PUBLICATION: These Proposed Regulations shall be published in the Commonwealth Register in the section on Proposed and Newly Adopted Regulations, 1 CMC § 9102(a)(1), and posted in convenient places in the civic center and in local governments in each senatorial district, both in English and in the principal vernacular. 1 CMC § 9104(a)(1).

TO PROVIDE COMMENTS: Persons or entities wishing to submit comments must do so in writing to Mr. Leo Tudela, Executive Director, CPA, by means of one of the following: Email, fax, mail, or hand-delivery to the CPA Administrative Office located on the Second Floor of the

§ 40-40-505 Overview

(a) Employees have the responsibility for managing their individual behavior, and, if an impairment issue exists, the employee must successfully resolve that issue. Being fit for work addresses two matters — an employee’s condition and his/her conduct.

(1) Condition. When an employee’s condition (physical illness, emotional distress, and chemical dependency) interferes with safe and productive work, the employee needs to take measures necessary to correct the condition. The Commonwealth Ports Authority recognizes the valuable resource we have in our employees, and is committed to helping them maintain their health and well-being. Therefore, the Commonwealth Ports Authority strongly encourages employees to take advantage of the many opportunities of assistance through the employee assistance program to help them make the Commonwealth Ports Authority a positive, healthy, and mutually beneficial employment opportunity (see NMIAC § 40-40-570).

(2) Conduct. The second aspect of being fit for work involves conduct. Employees are accountable for unsafe and unproductive work, and the consequences of their work. Irresponsible behavior that is unproductive and unsafe will not be tolerated, and an employee engaging in misconduct may be disciplined, including termination from employment (see NMIAC § 40-40-520).

(b) The Commonwealth Ports Authority recognizes the need for safety, efficiency, and productivity in employment. Therefore, it is the official policy of the Commonwealth Ports Authority that the use, distribution, sale, possession, manufacture, or transfer of illegal drugs and unauthorized substances in any detectable amount, or being under the influence of alcohol in any form, on Commonwealth Ports Authority property or while on duty by employees, independent contractors or their employees is strictly prohibited and will be cause for termination of employment (see NMIAC § 40-40-520).

(c) Commonwealth Ports Authority employees who violate the prohibitions of this policy will be subject to disciplinary action, including termination of employment (see NMIAC § 40-40-520). An employee’s refusal to submit to testing requirements will be treated as a violation of the prohibitions of this policy and will be subject to disciplinary action, including termination of employment (see NMIAC §§ 40-40-510(q) & 520(a)).

(d) Independent contractors and their employees who violate the prohibitions of this policy may be subject to contract cancellation (see NMIAC § 40-40-515).

(e) All employees shall be subject to drug/alcohol testing, to include the following categories: pre-employment, reasonable suspicion, post-accident/incident, ~~random~~, return to duty, and follow-up (see NMIAC §§ 40-40-545 & 550). Only safety-sensitive employees are subject to random testing.

(f) Employee education and supervisory training are essential parts of this policy and program. All existing and new employees will receive information on the impact of drug and alcohol use in the workplace, and will receive information on resources for help and assistance. No supervisor may make a reasonable suspicion or post-accident/incident decision unless he/she has completed supervisory training relating to this policy (see NMIAC § 40-40-535).

(g) Drug/alcohol testing will be conducted with accuracy and reliability, while maintaining privacy and dignity in specimen collection, testing, and notification processes. Employees found with breath alcohol at a detectable level of 0.02 BAC or greater, or a confirmed positive drug urine test, without adequate medical explanation, will be regarded to have violated the provisions of this policy.

Modified, 1 CMC § 3806(g).

§ 40-40-510 Definitions

For purposes of this Part, the following definitions shall apply:

- (a) “Accident” means an occurrence that results in:
- (1) The death of a human being;
 - (2) Bodily injury to a person who, as a result of the injury, immediately receives medical treatment away from the scene of the accident;
 - (3) One or more motor vehicles incurring disabling damage as a result of the accident, requiring the vehicle(s) to be transported away from the scene by a tow truck or other vehicle;
 - (4) Damage to property of Commonwealth Ports Authority or other personal property resulting from an accident during working hours or while using Commonwealth Ports Authority equipment;
- or
- (5) Injury to a person on the job requiring outside medical attention, and/or physical damage or economic loss greater than \$1,000.
 - (6) Any such occurrence must be reported to the Commonwealth Ports Authority under applicable regulations.
- (b) “Alcohol concentration” means the alcohol in a volume of breath expressed in terms of grams of alcohol per 210 liters of breath as indicated by an evidential breath test. When the indicated alcohol concentration on an initial alcohol test is different from an indicated alcohol concentration on a confirmatory test, the employee shall be considered to have the lower indicated concentration.
- (c) “Alcohol” means the intoxicating agent in beverage alcohol, ethyl alcohol, or other low molecular weight alcohols, including methyl or isopropyl alcohol.
- (d) “Alcohol use” means the consumption of any beverage, mixture, or preparation, including any medication, containing alcohol.
- (e) “Canceled test” (~~drug~~) means a test that has been declared invalid. It is neither a positive nor a negative test. This term includes a specimen which is rejected for testing by a laboratory. Further testing is required in cases of pre-employment or return to duty testing.

(f) “Conducting Commonwealth Ports Authority business” means being in a situation where decisions are made that commit CPA to some action, or being in a position where actions could injure or adversely affect other individuals or the Commonwealth Ports Authority as a corporate entity.

(g) “Confirmatory test” ~~(alcohol)~~ means, in regard to alcohol, a second test following a screening test with a result of 0.02 or greater that provides quantitative data of alcohol concentration.

(h) “Confirmatory test” ~~(controlled substances)~~ means, in regard to controlled substances, -a second analytical procedure to identify the presence of a specific drug or metabolite that is independent of the screen test and that uses a different technique and chemical principle from that of the screen test in order to ensure reliability and accuracy.

(i) “Consulting physician” means a licensed physician retained by the Commonwealth Ports Authority to advise on drug testing and other industrial medicine issues.

(j) “Contractor” means a person or organization that provides service to or works for the Commonwealth Ports Authority.

(k) “Covered substances” means:

(1) Legally obtained drugs (prescription and non-prescription remedies) when used according to directions to alleviate a specific condition;

(2) Illegal drugs, including:

(i) Drugs which are not legally obtainable including, but not limited to, marijuana, cocaine, amphetamines, opiates, phencyclidine, and other drugs prohibited by law;

(ii) Drugs which are legally obtainable, but have not been obtained legally, such as prescription remedies prescribed by a licensed medical professional;

(iii) Drugs which are legally obtained, but are knowingly used for other than the prescribed purpose or in other than the prescribed manner; and

(iv) So-called designer drugs or drug substances not approved for medical or other use by the Commonwealth of the Northern Mariana Islands, the U.S. Drug Enforcement Administration, or the U.S. Food and Drug Administration.

(3) Unauthorized substances including any substance that is intentionally used to cause impairment of physical and/or mental functioning;

(4) Commonwealth Ports Authority-covered substances are those substances that will be tested when called for by the Commonwealth Ports Authority, specifically:

(i) Marijuana (cannabinoids) and metabolites;

(ii) Cocaine and metabolites;

(iii) Amphetamines and metabolites;

(iv) Opiates (narcotics);

(v) PCP (Phencyclidine); and

(vi) Alcohol (ethyl alcohol).

(l) “Drug/Alcohol Coordinator” means the Executive Director’s representative who is in charge of the Commonwealth Ports Authority drug and alcohol program (i.e., testing, training, and documentation).

(m) “Drug use” means the consumption of any substance (legal or illicit) that may cause interference with an employee’s capacity to perform safe and/or productive work.

(n) “Executive Director” means the Executive Director of the Commonwealth Ports Authority.

(o) “Medical review officer” (“MRO”) means a licensed physician who is responsible for receiving laboratory results generated by the Commonwealth Ports Authority’s drug testing program, has knowledge of substance abuse disorders, and has appropriate medical training to interpret and evaluate an individual’s confirmed positive test result together with his or her medical history and any other relevant biomedical information.

(p) “Proof of wellness” means a notice from the treatment specialist or substance abuse professional indicating the applicant/employee is no longer dependent on some drug/alcohol substance to the extent it can affect safe and productive work.

(q) “Refusal to submit” means that:

(1) An employee gives a verbal declination after receiving clear and specific order to submit to urine and/or breath-testing.

(2) An employee fails to provide adequate breath for testing or an insufficient urine specimen without a valid medical explanation after he/she has received notice of the requirement to be tested.

(3) An employee engages in conduct that clearly obstructs the collection process.

(r) “Safety-sensitive” is a term describing activities which directly affect the safety of one or more persons, including the operation of motor vehicles or heavy machinery or the carrying of firearms. An employee deemed to have a “safety sensitive position” discharges duties fraught with such risks of injury to others that even a momentary lapse of attention can have disastrous consequences. Each department, in conjunction with the Drug and Alcohol Coordinator, shall identify all positions to be considered safety-sensitive positions due to the amount of time the employee spends performing safety-sensitive functions. Safety-sensitive employees includes, but is not limited to, the following: functions performing work involving:

(1) Employees that direct air, ground, or sea traffic, such as vessel traffic controllers and aircraft operation area controllers, or perform other substantially similar functions wherein a single drug-related lapse could lead to catastrophic harm or the loss of lives; Flight service;

(2) Law enforcement positions Ports Police that may be issued firearms or may participate in drug interdictions;

(3) Aircraft rescue and fire-fighting firefighters wherein a n impairment due to drug use may lead to otherwise avoidable injury or death;

(4) Employees with dispatch duties that include responding to emergencies and calling the police;

(5) Employees that are required to hold a commercial drivers’ license or that operate heavy machinery, including airline stair carts, boom trucks, and other substantially similar vehicles;

(4) ~~Vessel traffic controllers;~~

- ~~(5) Aircraft operation area controllers;~~ (6) Flight crewmember duties.
- ~~(7) Flight attendant duties.~~
- ~~(8) Flight instruction duties.~~
- ~~(9) Aircraft dispatcher duties.~~
- ~~(10) Aircraft maintenance and preventive maintenance duties.~~
- ~~(11) Ground security coordinator duties.~~
- ~~(12) Aviation screening duties.~~
- ~~(13) Air traffic control duties.~~
- ~~(14) Operations control specialist duties.~~

~~(6) Safety sensitive positions shall include administrative assistants and officers assigned to subsections (1) through (5), and supervisory positions assigned to subsections (1) through (5).~~

(s) “SAMHSA” means the Substance Abuse and Mental Health Services Administration, U.S. Department of Health and Human Services.

(t) “Screening test” (alcohol) means an analytical procedure to determine whether a covered employee may have a prohibited concentration of alcohol in his/her system.

(u) “Substance Abuse Professional” (“SAP”) means a licensed physician (medical doctor or doctor of osteopathy), licensed or certified psychologist, social worker or employee assistance professional with knowledge of and clinical experience in the diagnosis and treatment of drug and alcohol related disorders, or a counselor who is certified by the national Association of Alcoholism and Drug Abuse Counselors Certification Commission.

(v) “Under the influence” means that a covered substance is present in the body and is detected by breath alcohol testing (0.02 BAC or greater) or urine drug testing (a confirmed positive). NOTE: For the purposes of this Part, 0.02 BAC is established as the lowest conclusive detectable level in breath alcohol testing; however, noting breath odor is conclusive to remove an employee from service.

Modified, 1 CMC § 3806(a), (f), (g).

History: Amdts Adopted 40 Com. Reg. 40924 (Sept. 28, 2018); Amdts Proposed 39 Com. Reg. 40425 (Dec. 28, 2017); Adopted 24 Com. Reg. 19402 (July 29, 2002); Proposed 24 Com. Reg. 18913 (Jan. 29, 2002).

§ 40-40-545 Referral for Testing

(a) Pre-employment Testing.

(1) All offers of Commonwealth Ports Authority employment are contingent upon the applicant successfully passing a pre-employment drug test. No applicant will be assigned to work until they have passed a urine drug test. Drug testing will be at the applicant’s own expense. If the candidate’s test result is positive for the presence of a tested drug, without a legitimate explanation, the offer of employment will be withdrawn.

(2) **Test Specimens. Urine** – All applicants being hired will be subject to SAMHSA or a NIDA panel test for illegal and unauthorized substances.

(3) **Notification of Testing Requirement.** Applicants will be notified of the requirement to pass a drug test at the time of application.

(4) **Canceled Test.** When a pre-employment drug test is determined to be a canceled test by the laboratory technician, the applicant will be required to immediately submit another urine specimen for testing.

(5) **Reapplication After a Positive Test.** Applicants who test positive without adequate explanation of the results will not be considered for employment for two years for any announced position. At which time, they must present proof of wellness upon application. Applicants who were previously released from Commonwealth Ports Authority employment as a result of a positive test must complete a waiting period of not less than two years after the date of release from their last Commonwealth Ports Authority employment, complete a drug rehabilitation program, and must submit a statement of fitness for duty from the MRO or a certified physician/counselor and sign an agreement in the form of a return to duty contract as described in NMIAC § 40-40-550(d).

(6) **Release of Statement of Any Drug Testing History.** Applicants who were previously employed with the Commonwealth Ports Authority or with the CNMI government, and applicants who have had an offer for Commonwealth Ports Authority employment withdrawn due to a previous positive urine test result, must provide the Commonwealth Ports Authority a written release of drug testing history for the two years immediately prior to the application date. If the candidate presents a drug testing history showing a positive drug test within two years prior to the application date, the offer of employment will be withdrawn unless the candidate submits a statement of fitness for duty and agrees to execute an agreement similar to a return to duty contract as described in NMIAC § 40-40-550(d).

(b) **Reasonable Suspicion Testing.** An employee will be subject to drug/alcohol testing if there is reasonable suspicion to believe the employee may be under the influence of some drug or alcohol.

(1) **Reasonable Suspicion Defined.** Reasonable suspicion for drug/alcohol testing means specific contemporaneous, articulable observations concerning the appearance, behavior, speech, or body odors of the employee. In other words, a reasonable suspicion decision consists of specific facts, circumstances, physical evidence, physical signs and symptoms, or a pattern of performance and/or behavior that would cause a trained supervisor to reasonably conclude that an employee may have engaged in on-the-job drug or alcohol use, or may be under the influence of some drug/substance, including alcohol.

(2) **Examples of reasonable suspicion include, but are not limited to:**

(i) **Unsatisfactory work performance, including accidents and incidents, adequately documented, and where some drug or alcohol related documentation indicates a linkage to a change in an employee’s prior patterns of work performance;**

(ii) **Physical symptoms consistent with substance abuse;**

(iii) **Evidence of illegal substance use, possession, sale, or delivery;**

(iv) **Fights (to mean physical contact) and assaults, or erratic or violent behavior.**

(3) **Test Specimens.**

(i) **Breath** – Employees will be subject to the collection of a breath sample(s) to determine if current consumption of alcohol is present.

- (ii) Urine – Employees will be subject to a urine drug test for covered substances.
- (4) Steps in Reasonable Suspicion Testing.
 - (i) Supervisor’s Observation. All supervisors will receive training in the physical, behavioral, and performance indicators of probable drug and alcohol use in order to make reasonable suspicion testing decisions.
 - (ii) Objective Inquiry. When reasonable suspicion exists, the affected employee will be questioned and observed. A decision to request a specimen will be based on eyewitness reports, facts of the event, and observed physical and behavioral characteristics of the affected employee. The employee will be interviewed in a private area.
 - (iii) Management Notification. Upon determination that reasonable suspicion exists, the supervisor will notify the responsible manager and obtain authorization to conduct a reasonable suspicion drug/alcohol test. Such notification may be done in person or telephonically.
 - (iv) Relief of Duty. The employee will be relieved of duty and placed on administrative leave with pay until the results of the drug and/or alcohol test are complete and verified.
 - (v) Transportation Assistance. The employee will be accompanied to the collection site by a supervisor or manager. The employee will be provided transportation home. If the employee refuses and demands to drive his/her vehicle, the supervisor shall notify the Ports Police department.
 - (vi) Supervisor’s Report. The supervisor ordering reasonable suspicion testing shall document in writing, in detail, the facts leading to the decision. This report shall be considered confidential and will be maintained in the employee’s drug and alcohol test file, which is confidential, until needed for a disciplinary action. The report will be reviewed by the Drug/Alcohol Coordinator and management.
- (c) Post-accident Testing. All employees will be subject to drug/alcohol testing if an accident occurs meeting the definitions of NMIAC § 40-40-510(a).
 - (1) Test Specimens.
 - (i) Breath – Employees will be subject to the collection of a breath sample(s) to determine if current consumption of alcohol is present.
 - (ii) Urine – Employees will be subject to a urine drug test for covered substances.
 - (iii) Blood – In accidents and incidents that cause severe injuries or damages, a blood sample may be drawn for future testing if breath alcohol testing is not readily available.
 - (2) Steps in Post-Accident Testing.
 - (i) Supervisor’s Observation. All supervisors will receive training in the physical, behavioral, and performance indicators of probable drug and alcohol use in order to make reasonable suspicion testing decisions.
 - (ii) Objective Inquiry. When an accident occurs, the affected employee will be questioned and observed. A decision to request a specimen will be based on eyewitness reports, facts of the event, and observed physical and behavioral characteristics of the involved employee. Where warranted, the supervisor shall require the driver of any government vehicle or the operator of any government equipment involved in the accident to be tested.
 - (iii) Management Notification. Upon determination that a test is warranted, the supervisor will notify the responsible manager and obtain authorization to conduct a post-accident drug/alcohol test. Such notification may be done in person or telephonically.
 - (iv) Relief of Duty. The employee will be relieved of duty and placed on administrative leave with pay until the results of the drug and/or alcohol test are complete and verified.

(v) **Transportation Assistance.** The employee will be accompanied to the collection site by a supervisor or manager. The employee will be provided transportation home. If the employee refuses and demands to drive his/her vehicle, the supervisor shall notify the Ports Police department.

(vi) **Notify the Hospital of the Need for a Specimen.** If the employee is injured and unable to consent to a urine sample, wait until the treating physician determines the employee is able to understand a request, sign the necessary forms, and provide a sample.

(vii) **Duty Pending Test Results.** Until the results of the drug and alcohol test are complete and verified, no employee reasonably suspected of having been under the influence of alcohol or drugs at the time of the accident shall be allowed to perform or continue to perform a safety-sensitive duty.

(viii) **Cooperate with Law Enforcement.** Allow local law enforcement to conduct their investigation. The police may require a breath/alcohol test or blood specimen to be drawn for a legal determination of blood alcohol.

(ix) **Notification to Employee.** Tell the employee that a drug and/or alcohol test is required by regulation and refusal to cooperate will result in termination of employment.

(x) **Notify the MRO.** Explain the circumstances of the accident. The MRO will telephonically assist in facilitating the specimen collection process.

(xi) **Collection Timing.** As soon as practical after an accident any employee whose action or inaction may have contributed to the accident must submit to breath and urine tests for the presence of alcohol, cocaine, marijuana, opiates, amphetamines, or phencyclidine, upon written notice from the employee's supervisor. Except as otherwise provided, the Commonwealth Ports Authority shall pay for the testing.

(xii) **Collect Accident Documentation Promptly.** Immediately following the accident, accident investigators, either employees or contracted individuals, should be used to accurately document critical information. Note the times and dates of both the occurrence of the accident and of the specimen collection.

(xiii) **Return to Duty.** An employee may be returned to duty, at the supervisor's discretion, pending results from a post-accident/incident event if there is reasonable belief the employee was not under the influence at the time of the accident. If the employee has been medically examined, post-incident, he/she must receive a return to work clearance from the Commonwealth Ports Authority's MRO/consulting physician before returning to work.

(xiv) **Supervisor's Report.** The supervisor ordering post-accident testing shall document in writing, in detail, the facts leading to the decision. This report shall be considered confidential and will be maintained in the employee's drug and alcohol test file, which is confidential, until needed for a disciplinary action. The report will be reviewed by the Drug/Alcohol Coordinator.

(d) **Random Testing.**

(1) **Random Testing Defined.** Random testing means that drug tests are unannounced.

(2) **Selection Rate.** The selection rate will be no less than 25% for urine drug testing and no more than 25% for breath alcohol testing.

(3) **Selection.** Using the lottery system, the Executive Director or the Drug/Alcohol Coordinator shall randomly select safety-sensitive employees for unannounced drug testing through a random lottery number table that is matched with the employee's social security number or payroll identification number. Each employee selected for testing will remain in the random testing pool to ensure equal chance of being selected for testing.

(4) Schedule of Testing.

(i) Safety-Sensitive Employees: Testing will be on a quarterly basis and shall not be less than 25% of the employees designated as safety-sensitive.

~~(ii) All other employees: Testing will be on a yearly basis and shall not be less than 25% of all non safety sensitive designated employees.~~

(5) Notification of Employee. Employees, when notified of a random selection, shall cease work functions and immediately proceed to the collection site.

(i) If the selected individual is off-duty, he/she will be placed on the next quarterly selection process.

(ii) If the employee is notified and does not report for testing, it is considered a refusal.

(iii) A Commonwealth Ports Authority employee shall only be tested for alcohol before, during, or just after performing his/her duty.

(6) Re-testing of a Split Specimen. If the drug test result of the primary urine specimen is verified positive, the employee performing a safety-sensitive function may request that the MRO direct the split specimen to be tested in a different DHHS-certified laboratory for presence of the drug(s) for which a positive result was obtained in the test of the primary specimen.

(i) Such request must be in writing to the MRO and within 72 hours of the employee having been notified of the verified positive drug test result. Re-tests will be at the employee's expense.

(ii) The employee will automatically be placed on leave without pay (LWOP) status for the duration of the re-testing procedure.

(iii) Should the second test return and be verified by an MRO as a negative, the employee will be cleared, reimbursed of testing expenses, reinstated with back pay, and returned back to regular duty.

(iv) Should the second test return and be verified by an MRO as a positive, the employee will automatically be terminated, if his/her position is a safety-sensitive function.

(v) The employee shall have the right to appeal the dismissal to the Commonwealth Ports Authority Appeal Committee, in writing, within five working days after being notified of the second test.

Modified, 1 CMC § 3806(a), (f), (g).

Complainant,)	ADMINISTRATIVE DECISION
)	DISMISSING COMPLAINT FOR
v.)	FAILURE TO STATE A CLAIM

Respondent.)	

I. INTRODUCTION

Upon review of the pleadings, Complainant was ordered to show cause why the complaint should not be dismissed.

II. APPLICABLE LAW

Pursuant to 3 CMC § 4947(a), “the hearing office may, after notice and an opportunity to be heard is provided to the parties, dismiss *sua sponte* a complaint that the hearing officer finds to be without merit.” Pursuant to NMIAC § 80-20.2-130(c), dismissal is warranted on the following grounds: (1) lack of jurisdiction over the subject matter; (2) lack of jurisdiction over the person; (3) insufficiency of process; (4) insufficiency of service of process; and (5) failure to state a claim upon which relief can be granted. *See also* NMIAC § 80-20.1-485(b).

III. BACKGROUND

On September 26, 2023, Complainant initiated a labor case against Respondent for unpaid wages, employment preference, and reduction in force. On October 4, 2023, Respondent filed an answer and a motion to dismiss. On October 6, 2023, the case was referred to Enforcement for further investigation. On January 16, 2024, Enforcement filed a Determination to report their findings and recommend dismissal. Specifically, Enforcement determined: (1) Complainant’s

1 claim for unpaid wages is outside the six-month statute of limitation, (2) Complainant's claim for
2 a violation of employment preference does not apply to Complainant due to not being renewed,
3 and (3) Complainant's claim for unlawful reduction in force for non-renewal of her CW1 permit
4 does not apply to the Complainant.

5 Upon review, the undersigned found: (1) Complainant failed to state a claim upon which relief
6 can be granted, specifically for Complainant's allegations for unpaid wages fall outside the six-
7 month statute of limitations; (2) Complainant fails to provide sufficient factual allegations to
8 support a claim for a violation of the employment preference law as there is no showing that
9 Complainant is a US Citizen, permanent resident, or other status-qualified worker entitled to
10 preference; and (3) Complainant was not renewed to continue work for the company, but there is
11 no showing of an unlawful reduction in force. Accordingly, Complainant was ordered to show
12 cause why the case should not be dismissed for failure to state a claim in which relief can be
13 granted.

14 IV. DISCUSSION

15 On January 23, 2024, Complainant was ordered to show cause why the complaint should
16 not be dismissed for failure to state a claim. On February 8, 2024, Complainant submitted an
17 untimely response that did not address the legal deficiencies specified in the Order to Show Cause.
18 Accordingly, based on a review of the findings and applicable law, the undersigned finds:

19 **1. Complainant fails to state a claim within the six-month statute of limitations.**

20 Pursuant to 3 CMC § 4962, "[n]o labor complaint may be filed more than six months after the
21 date of the last-occurring event that is the subject of the complaint, except in cases where the
22 actionable conduct was not discoverable upon the last-occurring event." *See also* 4 CMC § 9246.
23 "If a complaint is not timely filed, the hearing office shall dismiss the complaint with prejudice."
24 NMIAC § 80-20.1-465(e). Emphasis added.

25 On September 26, 2023, Complainant filed the complaint for the unpaid wages arising in
26 October, November, and December of 2022. There is no showing that the actionable conduct was
27 not discoverable considering that Complainant was supposed to be paid on a biweekly basis. Here,
28

1 Complainant failed to act within six months of when the wages were due. Accordingly, this claim
2 is barred by the statute of limitations.

3 **2. Complainant fails to provide sufficient allegations to support a claim for a violation**
4 **of the employment preference.**

5 Upon review of the complaint, Complainant fails to allege any facts to demonstrate a violation
6 of the employment preference law.¹ Specifically, there is no showing that Complainant: (1) was
7 entitled to preference; (2) applied for a job; (3) was denied employment without cause; and (4)
8 the employer hired a foreign worker. Instead, Complainant alleges she was a foreign national
9 working as a CW-1 and not renewed for employment—which is not actionable under the
10 employment preference law. Accordingly, the undersigned finds this claim to be frivolous and
11 without merit.

12 **3. Complainant fails to state sufficient allegations to demonstrate an unlawful**
13 **reduction in force.**

14 Lastly, Complainant fails to allege any facts to demonstrate an unlawful reduction in force.
15 Notably, the applicable law with respect to reductions in force does not take away an employer's
16 business judgment and discretion in initiating mass lay-offs or company closures. Instead, the
17 applicable reduction in force statutes and regulations prescribe a process and necessary notice
18 requirements to do so. "An employer who employs foreign national workers may reduce the
19 number of current employees based on economic necessity. The employer shall provide notice to
20 the Department at least sixty days prior to the reduction in force." 3 CMC § 4937. *See also*
21 NMIAC § 80-20.1-240.

22 ///

23
24
25 ¹ A citizen or CNMI permanent resident or U.S. permanent resident who is qualified for a job may make a claim for
26 damages if an employer has not met the requirements of 3 CMC § 4525, the employer rejects an application for the
27 job without just cause, and the employer employs a person who is not a citizen or CNMI permanent resident of U.S.
28 permanent resident for the job. 3 CMC § 4528. "In the full-time workforce of any employer, the percentage of
citizens, U.S. permanent residents, and CNMI permanent residents and their immediate relatives employed shall
equal or exceed the percentage of citizens, U.S. permanent residents, and CNM permanent residents and their
immediate relatives in the available private sector workforce unless attainment of this goal is not feasible within the
current calendar year after all reasonable efforts have been made by the employer." 3 CMC § 4525

1 Here, there was no showing to demonstrate that the employer initiated a mass lay-off or
2 company closure in violation of the prescribed process and notice requirement. Instead,
3 Complainant alleges she was a foreign national working as a CW-1 and not renewed for
4 employment—which is insufficient to show an unlawful reduction in force.

5 **V. CONCLUSION**

6 Based on the foregoing, Complainant failed to show cause why the claims against
7 Respondent should not be dismissed for failure to state a claim. Accordingly, this matter is hereby
8 **DISMISSED.**

9 Any person or party aggrieved by this Order may appeal by filing the Notice of Appeal
10 form and filing fee with the Administrative Hearing Office within fifteen (15) days from the date
