

TITLE 1: GOVERNMENT
DIVISION 6: ELECTIONS

§ 6506. Funding for General and Special Elections.

In the absence of an appropriation for a general or special election conducted pursuant to this part, or for voter education with respect to a proposed amendment to the Constitution, the Governor shall, notwithstanding any other provision of law, reprogram sufficient funds for the conduct of a general or special election, or for voter education, as the case may be, from executive branch accounts to the Election Commission. The Commission is required to publish a Voter's Manual which shall contain arguments for and against each issue or proposed constitutional amendment submitted by proponents and opponents of each amendment or proposition. Such a manual would ensure voters to be more informed when they cast their ballots.
