

TITLE 2: NATURAL RESOURCES
DIVISION 3: THE ENVIRONMENT

§ 3326. Flow Meters and Water Sampling Valves to be Installed, Access to Wells.

(a) Before withdrawing water, the drilling permittee shall install (at the permittee's expense) a water meter capable of measuring both flow rate and total production at the well.

(b) Water meters shall be maintained as provided by regulations of the Department of Environmental Quality.

(c) Before withdrawing water, the drilling permittee shall install valves to obtain water samples. The Division of Environmental Quality shall periodically conduct water sampling and analysis to monitor the quality of water.
