

TITLE 4: ECONOMIC RESOURCES
DIVISION 8: UTILITIES

§ 8206. Response to Notice of Intent to Excavate or Demolish.

(a) Each operator notified in accordance with 4 CMC § 8205 shall, not less than five working days in advance of the proposed excavation or demolition (unless a shorter period is provided by agreement between the person responsible for the excavation or demolition and the operation), supply by use of maps when appropriate, the following information to the person responsible for the excavation or demolition:

(1) The approximate location and description of all its underground and above ground utilities which may be damaged as a result of the excavation or demolition.

(2) The location and description of all utility markers indicating the approximate location of the underground utilities.

(3) Any other information that would assist that person in locating and thereby avoiding damage to the underground utilities, including the provision of adequate temporary markings indicating the approximate location of the underground utility in locations where permanent utility markers do not exist.

(b) For purposes of this section, the approximate location of underground utilities is defined as a strip of land at least three feet wide but not wider than the width of the utility plus 1.5 feet on either side of the utility.
