H. B. No. 15-281, HD1

AN ACT

To amend the Medical Practice Act of 1982 by repealing and reenacting sections of Chapter 12 of Division 2 of Title 1, and Chapter 2 of Division 2 of Title 3 of the Commonwealth Code; and for other purposes.

BE IT ENACTED BY THE FIFTEENTH NORTHERN MARIANAS COMMONWEALTH  
LEGISLATURE:

1           **Section 1. Short Title.** This Act may be cited as the “Health Care Professions  
2 Licensing Act of 2007.”

3           **Section 2. Purpose.** The Legislature finds that, as stated in the Act’s section on  
4 Purpose and Findings, this Act is required to protect the health, safety and welfare of the  
5 people of the Commonwealth.

6           **Section 3. Repealer and Re-enactment.** 1 CMC §§ 2641-42 and 3 CMC §§ 2201-72  
7 (Public Law 3-30, as amended, the “Medical Practice Act of 1982”) are hereby repealed. The  
8 following sections 3 CMC §§ 2201 *et seq.* are enacted as follows:

9                           **“Chapter 2. Health Care Professions Licensing Act.**

10                   **§ 2201. Purpose and Findings.**

11                   (a) The protection of the health of the public is of paramount importance.

12                   (b) The quality, availability and honesty of the practitioners of the health care  
13 professions substantially determines whether the public receives the health care protection  
14 required.

15                   (c) The practice of a health profession is a privilege granted by the people acting  
16 through their elected representatives. It is not a natural right of individuals.

17                   (d) In the interest of public health, safety and welfare, and to protect the public from  
18 the unprofessional, improper, incompetent, unlawful, fraudulent and/or deceptive practice of

1 the health care professions, it is necessary to provide statutes and regulations to govern the  
2 granting and subsequent use of the privilege to practice the health care professions.

3 (e) The primary responsibility and obligation of the Health Care Professions  
4 Licensing Board is to protect the people of the Commonwealth.

5 (f) Every person who practices or attempts to practice any health care profession  
6 within the Commonwealth without complying with this Act harms or can harm the health,  
7 safety, security, and welfare of the people of the Commonwealth.

8 (g) The Commonwealth's Health Professions Licensing Board, formerly Medical  
9 Profession Licensing Board, has a lengthy history protecting the people of the  
10 Commonwealth with respect to their health care. The Board should be strengthened in its  
11 efforts.

12 (h) National databases exist which permit member regulatory agencies to keep track  
13 of and monitor the competencies and conduct of health care professionals. In order for the  
14 Commonwealth to benefit from the data bases the Board must also submit current data. The  
15 databases demand confidentiality on the part of the users.

16 (i) The Legislature has examined the existing Medical Practice Act and determined  
17 that it must be updated to address current and anticipated health care and to further protect  
18 the public health, safety and welfare of the people of the Commonwealth.

19 (j) Among other things, it is important for the Board to be able to act quickly and with  
20 adequate power to stop dangerous health care practice.

21 (k) The Commonwealth's traditional healing practices must be appropriately  
22 protected.
